

MK Spatial LLC

Senior ArcGIS Enterprise work for the U.S. Coast Guard.

UEI: Pending (SAM in progress)

CAGE: Pending

Status: SAM-registered (in progress)

Set-aside: SDVOSB (pending), SB

info@mkspatial.com mkspatial.com

CORE COMPETENCIES

- ArcGIS Enterprise / Portal administration and deployment
- Geospatial data engineering, ETL, and pipeline development
- ArcGIS Pro / ArcGIS Online configuration and content management
- Enterprise geodatabase architecture, versioning, and tuning
- Python / ArcPy automation and scripted geoprocessing
- Maritime and coastal geospatial analysis
- GIS user training, Tier 2/3 support, and knowledge transfer

DIFFERENTIATORS

- Veteran-owned; SDVOSB certification pending VA VetCert review
- Small-team agility paired with senior, hands-on technical staffing
- Deep ESRI technical depth across the ArcGIS stack — not generalist IT
- Mission familiarity with USCG and maritime geospatial workflows
- Transparent, low-risk transition-in posture and knowledge-retention plan

PARTNERSHIPS & CERTIFICATIONS

- Esri Partner Network — [Tier, pending enrollment]
- AWS Partner Network — [Tier, pending enrollment]
- VOSB self-certified; SDVOSB application in process

CORPORATE DATA

UEI	Pending (SAM in progress)
CAGE	Pending
Status	SAM-registered (in progress)
Set-asides	SDVOSB (pending), SB
NAICS	541512, 541370, 541513, 541519, 541611, 541618, 541330, 541990
PSC	D399, R425, R408

PAST PERFORMANCE

Relevant principal experience — USCG geospatial

Principal brings direct, named-key-personnel experience on USCG-focused geospatial engagements including ArcGIS Enterprise administration, geodatabase tuning, operational dashboards, and MISLE-aligned data engineering.

Detailed past-performance write-ups available on request

Customer points of contact, period of performance, contract value, and scope summaries provided to qualified federal evaluators and prime contractors. Email info@mkspatial.com to request the past-performance package.
